

Note from the Managing Director

The RBX Group has made a commitment to strive to be an employer of choice. This is a very complex goal as every employee has their own individual desires and needs. One part of trying to achieve this goal is our group philosophy, culture and values that gives us all guidance on why and how we want to do things.

Another part of our strategy is to upskill our team so that they can do their job better and, if desired, be ready for a possible move onto more complex assignments as both contribute significantly to job satisfaction. It is fantastic to see the below group training achievements that supports constant on the job learning and development. It is up to every employee to make sure that potential training needs are part of their performance review sessions each year.

RBX's Commitment to Employee Development

At RBX, employee training is key to fostering growth, enhancing skills, and boosting overall productivity.

By investing in training and development, we empower our team to perform at their best while driving innovation and efficiency across the organisation. Our commitment to offering paid training initiatives reflects our dedication to employee success, leading to improved job satisfaction, retention, and a culture of continuous growth. This investment ensures long-term benefits for both our employees and RBX, keeping us competitive in the market.

Our supervisors and controllers in Citrusdal successfully completed a two-day leadership course, strengthening their leadership skills and preparing for the upcoming season.

Several of our Citrusdal staff members recently completed a computer course at the E-centre, enhancing their digital skills and capabilities.

Citrusdal Leadership Training: Empowering our team with essential leadership skills to drive success and growth in the upcoming season.
